

One Point Perspective

Linear Perspective

A system of drawing or painting in which the artist attempts to create the illusion of spatial depth on a two-dimensional surface.

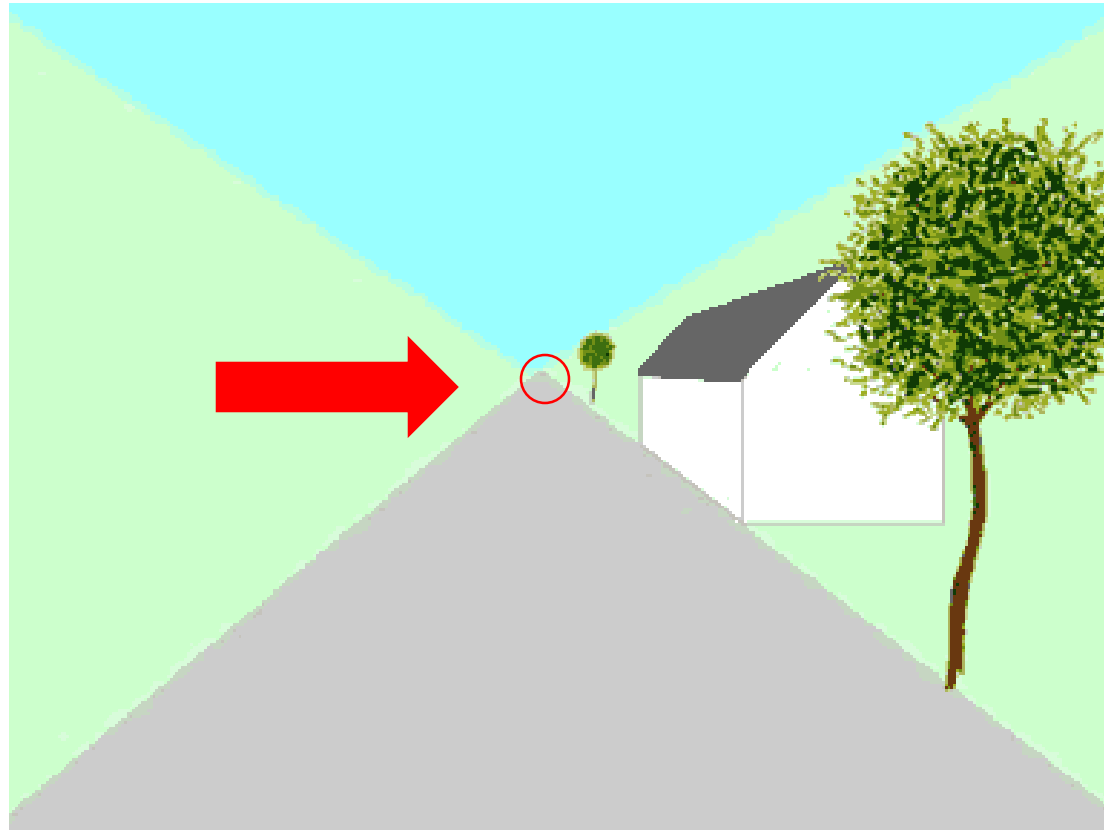

Horizon line

A level line where water or land seems to end and the sky begins.

Vanishing Point

a position on a horizon where lines appear to converge (come together).

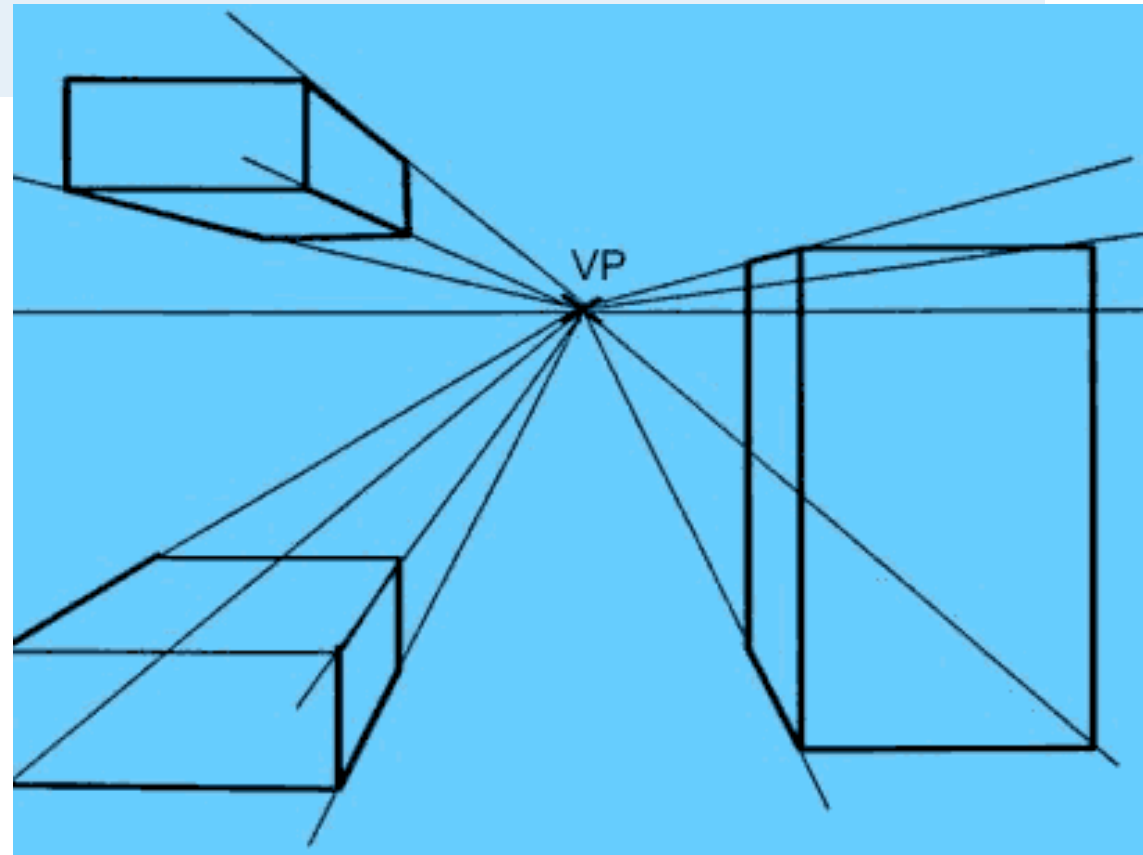

Point of View

What you are seeing in an artwork, or where your eye is resting. For example, are you looking from above, or below, from the side?

One point perspective

A form of linear perspective in which all lines appear to meet at a single point on the horizon.
